

Thompson Retractor

Thompson Surgical Instruments, Inc. is the **sole manufacturer** of Thompson Retractor Systems.

Be vigilant of imitation Thompson Retractors in the market. Some companies falsely assert themselves as manufacturers, using unauthorized images, posing a significant risk to the safety and effectiveness of the product for the end-user.

Thompson Retractor

High-quality materials
and workmanship.

Products are backed by
an extensive warranty.

Products are backed by extensive
testing with an emphasis on
compliance and patient safety.

55+ years of manufacturing and
selling the Thompson Retractor.
We stand behind our products
quality and reliability.

COUNTERFEIT

Lower quality material.

Decreased life expectancy
of instruments.

Materials may fail under heavy
retraction forces as they may lack
engineering and safety testing.

Not supported by Thompson
Retractor's INTL DISTRs who have
been properly vetted and trained.

Our products are exclusively sold through approved inside sales representatives and distributor groups

For a comprehensive list of authorized Distributors operating outside the USA,
please contact us directly at contact@thompsonsurgical.com.
