

فسيب البطن السفلي

عرض محسن للبطن السفلي

يساعد فسيب البطن السفلي على تحسين كشف البطن السفلي مع الحفاظ على سهولة الاستخدام والقدرة على وضع الأذرع الجانبية بشكل مستقل. يتيح تصميم القصبي الفريد من نوعه كوحدة منكاملة سهلة الإعداد ويقلل من عدد القطع المستخدمة مع إضافة مساحة إضافية ودعم كامشات البطن السفلي. يمكن تبديل الأذرع الجانبية في أوضاع مستقلة متعددة لتلبية الإجراءات المختلفة وأحتياجات المريض.

مجرد أضف كل نهاية إلى إطار المفضل الذي تم إعداده بدلاً من الأذرع المائلة لعرض مساحة أوسع من البطن السفلي
 *يشكل أكثر ثباتاً

يتطلب الإعداد استخدام مساعد *

Lower Abdominal Bar

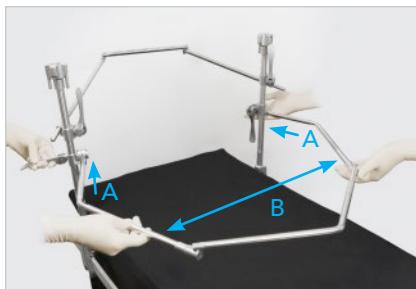

Improved Lower Abdominal Exposure

The Lower Abdominal Bar helps improve lower abdominal exposure while maintaining ease of use and the ability to independently position the lateral arms. The unique single-piece design is easy to set up and reduces instrument counts, while adding additional space and support for lower abdominal retractors. The independently positionable lateral arms allow for multiple positions to meet different procedures and patient needs.

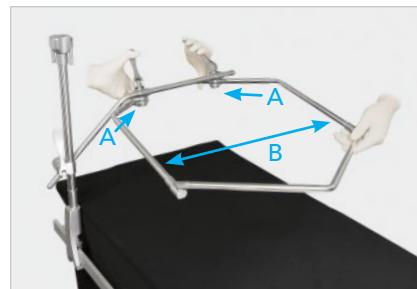

Simply add each end to your preferred frame set up in place of the angled arms to create more space and stability for lower abdominal exposure. *

* Set up requires the use of an assistant

Bilateral Set Up Instructions

Using an assistant, insert both ends of the Lower Abdominal Bar into the rail clamp's lower joint on each side of the patient (A). Position the Lower Abdominal Bar around the incision, keeping the lateral sides low and wide (B). Secure the Lower Abdominal Bar by locking the joints (C).

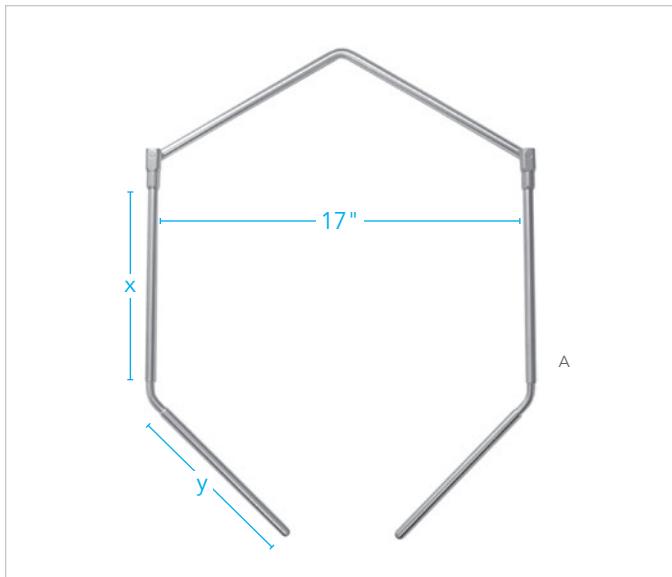

Unilateral Set Up Instructions

Using an assistant, insert both ends of the Lower Abdominal Bar into the crossbar joints on each side of the patient (A). Position the Lower Abdominal Bar around the incision, keeping the lateral sides low and wide (B). Secure the Lower Abdominal Bar by locking the joints (C).

Securing to Frame (Bilateral and Unilateral)

Secure the Lower Abdominal Bar in position by flipping the joints on the rail clamp or crossbar to lock in place.

LOWER ABDOMINAL BARS (SINGLE PIECE)

REF	ITEM DESCRIPTION	PART #
A	Lower Abdominal Bar 14" [x] x 6" [y]	44112SP
	Lower Abdominal Bar 10" [x] x 8" [y]	44111SP
	Lower Abdominal Bar 10" [x] x 6" [y]	44110SP

**NOTICE:**

Three-piece Lower Abdominal Bar components are also available, call for information.
